

The Coffee Selection (The Art of Indonesian Beans)

Global Blends with local specificity

Indonesia is home to some of the world's most unique coffee profiles. We supply premium beans sourced from the finest plantations across the islands.

Types: Arabica and Robusta.

Varieties

Specialty Coffee (Gayo, Mandheling, Toraja, Bajawa, Ijen, java beans, Lampung) and commercial blends

Forms

Green Beans (Unroasted), Roasted Beans, or Ground Coffee.

Profiles

From earthy and bold to fruity and acidic, tailored to your roasting preference
